- double line
- expanding box
- flip-horizontal
- flip-vertical
- line width
- moving box
- moving line
- rotating box
- simple line
- sliding lines
- snake lines
- zooming lines
- zooming box

General
In this section, you can add/edit and remove menu buttons.
Each menu item can have a title, and link.

Style
The extension has many options to control the appearance of the menu items, like font, border and colors.

Mode
Specifies whether the animation is triggered by a click or on hover.

Size Mode
Specifies whether each button has a fixed size (based on the text length and padding) or flexible width (based on the container's size).
When using the "moving line' or 'moving box' animations, the size mode will be forced to flexible!

Make activate on click
This applies the 'Active' style when the item is clicked. This can be useful in single-page layouts.
