

## Dot Menu

This extension implements an animated slide out menu. A drop-down menu with icons slides out after clicking the hamburger icon. The text is displayed at the left or right side of the menu item.

The drawer menu has support icon libraries, like Font Awesome, Material Icons, Open Iconic, IonIcons etc. <https://wysiwygwebbuilder.com/iconfonts.html>  
Icons can also be published as embedded SVG to keep the page weight low.

### Styling

The menu has many styling options like text, background, padding, shadow etc.
