

Full Screen Overlay Menu - Version 1.2

The Full Screen Overlay Menu extension is a responsive menu that takes up the entire screen when expanded. The menu can be activated by clicking/touching the 'hamburger' button.

Special features of this menu include:

- Alpha transparent background
- Cool animations: genie, sliding door, content push & scale and more!

General

In this section you can add/edit and remove menu buttons. Each menu item can have a title, and link.

Style

The extension has many options to control the appearance of the menu items, like font, border and colors.

How to install this extension so it is available in WYSIWYG Web Builder?

You can use the Extension Manager (Menu->Tools->Extension Manager) to install this extension.

Alternatively, you can manually copy all files from the zip file to the Web Builder extensions folder. Usually this folder is in this location:

My Documents\WYSIWYG Web Builder\system\extensions\

Requirements

WYSIWYG Web Builder 11.1 or higher

WYSIWYG Web Builder 12.2 or higher to support responsive font-size.
