

## Spinning Menu

The Spinning Menu implements an animated circular popup menu with icons. Each icon can have a different color. The background can be semi-transparent.

The menu has support icon libraries, like Font Awesome, Material Icons, IonIcons etc. <https://wysiwygwebbuilder.com/iconfonts.html>  
Icons can also be published as embedded SVG to keep the page weight low.

### Online demo

<https://wysiwygwebbuilder.com/support/spinningmenu.html>

### Wheel Size

Specifies the size of popup menu.

This value is responsive, so the size can be different in breakpoints.

### Icon Size (Trigger button and menu icons)

Specifies the size of the icons.

These values are responsive, so the size of the icons can be different in breakpoints.

### z-index

Specifies the z-index. This makes sure the menu is on top of all other elements on the page.

***How to install this extension so it is available in WYSIWYG Web Builder?***

You can use the Extension Manager (Menu->Tools->Extension Manager) to install this extension.

Alternatively, you can manually copy all files from the zip file to the Web Builder extensions folder. Usually this folder is in this location:

My Documents\WYSIWYG Web Builder\system\extensions\

***Requirements***

WYSIWYG Web Builder 12.2 or higher to support responsive font-size.

WYSIWYG Web Builder 16.1 or higher to support icon libraries.

***License Agreement***
